

BALTIMORE COUNTY DEPARTMENT OF PUBLIC WORKS AND TRANSPORTATION

# LIBERTY ROAD (MD ROUTE 26) 12" WATER MAIN REPLACEMENT

# LIBERTY ROAD WATER MAIN REPLACEMENT

FEBRUARY 12, 2024

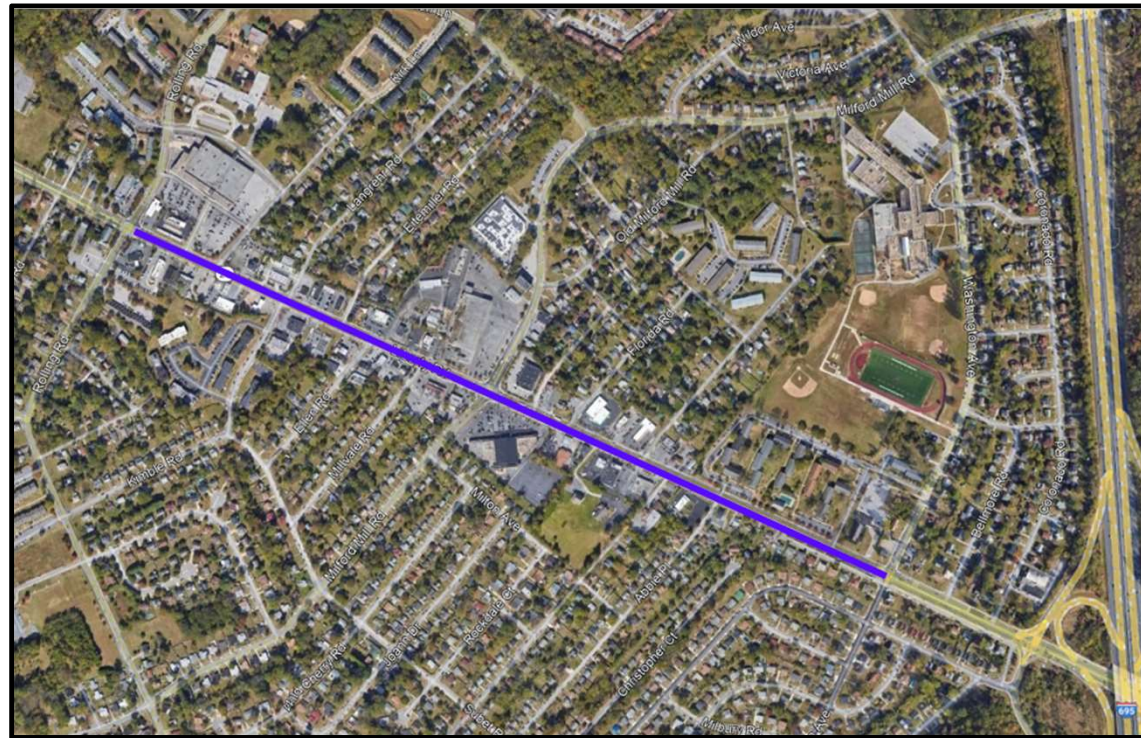

## **PRESENTERS**

- Matt Leone, PE, Chief, Construction Contracts
- Kenny Green, Program Manager, Construction Contracts
- Mark Messenger, Chief Inspector, Construction Contracts

## Project Background

- 6,564 linear feet of 6-inch to 12-inch diameter new water main
- Extends from Washington Ave. to Rolling Road
- New installation is intended to upgrade water infrastructure in the area
- Project being completed in coordination with Baltimore City and Maryland State Highway Administration

# Key Points

- Work to be performed primarily at night between the hours of 9pm and 5am. SHA certified Traffic Control will be present
- Work areas may have steel plates or temporary patches in daytime hours
- Brief (majority around 1-2 hours) water interruptions may be experienced during tie-ins of the new line to the active system. A few tie-ins to the larger main will require longer outages, all during nighttime hours.
- All service interruptions are coordinated through Baltimore City and performed at night
- Advance notice to be provided to all businesses and residents that are to be impacted

# Timeline

- Construction scheduled to begin March/April 2024; supply chain dependent
- Expected construction duration of 1 year barring weather delays, etc.
- Roads to be repaired per SHA requirements

## Summary

---
